Activity: *Recommend-aroo!*

Please prepare one PowerPoint slide showcasing some primary art and design teaching resources (including web links) that you think others may like to know about. You will be asked to share this with peers at the start of the course.

Please note that during the course there may be some optional activities that will incur a cost. If you do not wish to take part in these activities you will not be at a disadvantage.

Looking forward to seeing you all in September!

Best wishes
